

Benefits of Energia's Miracle Water of Life

As you improve your overall hydration and better absorption of micro cluster water molecules into your body systems, your body literally comes alive to enjoy optimal health with quality of life.

Premium grade quality water improves your digestion, detoxification, effective cell repair and regeneration, bowel movement, immune system and neurological functions. The effective improvement in overall *qi* flow or energy flow functions would result in deeper sleep quality, improved concentration, clarity of mind, higher energy, higher productivity and reverse aging with healthy and youthful skin.

CELLS REPAIR/REGENERATION
Effective cell repair and regeneration resulting in hasten health recovery, reverse aging with healthy and youthful skin.

SUPPORTS IMMUNE SYSTEM
Effective hydration, digestion, absorption of nutrients and detoxification helps in strengthening your immune system to peak performance.

IMPROVES ENERGY LEVELS
Revitalise your overall energy to effectively overcome tiredness and low energy. Improves energy flow enhances clarity of mind, creativity, overall health and happiness.

IMPROVE DIGESTIVE HEALTH
Effective detoxification and digestion helps in better nutrient absorption, excretion of toxins and enhances cellular hydration to maintain healthy pH balance; hence creating a healthy body terrain to be like a healthy pot of soil.

IMPROVES MENTAL AND NEUROLOGICAL HEALTH
Effective hydration helps improve brain and neurological health; hence improves concentration, focus, mental clarity, creativity and enjoy deeper quality sleep.

- MIRACLE WAVE MODULATION TECHNOLOGY by LIFE RESEARCH WELLNESS PTE LTD

- WAVE MODULATION TECHNOLOGY™ Water Crystal Tested in Emoto Lab, Japan
- HADO CRYSTAL TESTED BY EMOTO LAB, JAPAN

- PURIFICATION FILTRATION SYSTEM AND WATER TECHNOLOGY MANUFACTURED IN KOREA
- PATENTED IN KOREA
- ISO CERTIFIED IN KOREA

SPECIFICATIONS

PRODUCT NAME	Miracle Water of Life
MODEL NAME	4 Filter System
WATER PURIFYING CAPACITY	3600 L
FILTER LIFE	12 months
MATERIAL	ABS/PP/ST
PRODUCT SIZE	305mm(W)x110mm(D)x400mm(H)
WEIGHT	4.6kg
PACKAGING DIMENSION (INNER CARTON)	483mm(W) x 185mm(D) x 400mm(H)
PACKAGING DIMENSION (MASTER CARTON)	495mm(W) x 435mm(D) x 495mm(H)

8-IN-1 STATE-OF-THE-ART Filtration System

NO ELECTRICITY REQUIRED!

A COMPLETE & BALANCED WATER FILTER

PURIFIED MINERALISED ANTI-OXIDANT ALKALINE
HYDROGENISED ENERGISED HARMONISED STRUCTURED*

KOREA PATENTED FILTRATION TECHNOLOGY
 *HADO CRYSTALS tested by Emoto Lab, Japan

MIRACLE WATER OF LIFE 8-in-1 Filtration System

Our body is made up of 70% water. Water is essential for every function of the body. Water gives life. Keeping well hydrated improves our digestion, circulation, respiration, cell function, strengthens our immune system, and even improves our concentration.

As such, premium grade quality water requires a good clean source of filtration for purification, mineralisation and other health sustaining elements from a chemistry perspective. But a key essence to giving life sustaining energy back to water is the restructuring to arrange its molecular memory signal to flow like a life stream in nature.

With technological advancement and research, we are giving you 8-in-1 features without the need for electricity to power up the state-of-the-art water filtration system. Water is nature's great connector. Our most unique feature is water structuring which brings the life force energy of water into your body. It literally flows into your body inter-linked and inter-connected to deliver the best for your overall bodily function and system to enjoy optimal health benefits.

Energia's Miracle Water of Life (8-In-1 Filtration System) is a balanced water filtration system that engages both the chemistry properties of science, as well as introducing the physics properties of science as nature intended for optimal biological functions.

PURIFICATION
The most fundamental step to preventing impurities and removing rusted particles and other harmful substances.

MILD ALKALINE
To ensure that our system is in balance, and reduce inflammation as well as excessive acidic waste, our body requires a mild alkaline pH balance of 7.35 to 7.45.

MICRO CLUSTER WATER MOLECULE
When water molecule has a smaller cluster size, it enhances hydration through effective cell penetration that is essential for mineral absorption to cater for our body's nutrients requirements.

ANTIOXIDANT
Antioxidants help to effectively counteract the oxidising effect of free radicals; hence effectively enhances cell repair and regeneration to hasten health recovery, reverse aging to stay youthful, healthy and happy.

MINERALISATION
Our body requires quality water to receive essential minerals for overall health and function.

HYDROGENATED WATER
Hydrogenated water contains a higher dosage of hydrogen molecules which act as an anti-inflammatory agent and has a stronger antioxidant to counteract free radicals and reduce oxidative stress. Scientists have sampled "miracle waters" all over the world from Zam Zam well to the Fountain of Lourdes, and discover that the common properties in these water is the abundance of hydrogen molecules.

STRUCTURED WATER
Structured water is the molecular arrangements of water molecules in a perfect hexagonal geometric formation when water is found in nature. When water is in this perfect state as nature intended, unpolluted and uncontaminated, it contains a higher level of electrical charges, indicating that it is 'alive' and 'energetic' which are important for optimal cell function.

NEGATIVE OXIDATION REDUCTION POTENTIAL
is the measurement (in volts or millivolts) of the oxidising or reducing potential of a water body. When a system accepts electrons, it is oxidising, whereas one that releases electrons is a reducing system.

A negative ORP reading indicates that a substance is a reducing agent. The lower the ORP reading, the more antioxidant is the water. Hence negative ORP indicates a higher antioxidant property of the water body.

STATE-OF-THE-ART Quality Water Technology

WAVE MODULATION TECHNOLOGY
Developed by Life Research Wellness, WMT™ is our own proprietary Miracle Wave Modulation Technology. It is based on the principles of wave modulation and harmonisation. It is a data code that enables the frequency of the water to be structured into perfect geometric forms.

HADO CRYSTALS
Miracle Water of Life uses Miracle Wave Modulation Technology (WMT™) to structure the water crystals into perfect geometric crystallised formation. The Miracle Water Of Life Hado Crystals were tested at Emoto Lab, Japan.

QUALITY COMPONENTS of the System

ANTIBACTERIAL CERAMIC BALLS
The antibacterial ceramic balls prevent the growth of microorganisms that acts as antibacterial and antiseptic property of the filter.

Water molecule before structuring with WMT™

Miracle Water of Life after WMT™ structuring Hado Crystallised formation taken at Emoto Lab in Tokyo, Japan

4 STAGES ADVANCE WATER PURIFICATION & ANTIOXIDANT SYSTEM

Structured Water System

Sediment Filter
Pre Filter to prevent various impurities from entering other filters, removing rusted particles. Life Span 12 months or 3600L.

Alkaline Hydrogen Reducing Filter
Generating Hydrogen, Fresh Alkali, ORP. Patented Technology Korea. Life Span 12 months or 3600L.

Nano Filter
Strong Antimicrobial and sterilizing power, removing harmful substances including Chlorine. It also preserves mineral ingredients. Registration No: 0324094 Korea. Life Span 12 months or 3600L.

Post Carbon Filter
Bring water back to its original taste by removing gas and odour. Making water taste good and fresh. Life Span 12 months or 3600L.
